Immunization Transition

The new Immunization Tables are ready on PowerSchool and all new students should have their information recorded using the new fields. During the transition to the new layout you can continue to use the old fields. Jim added the old fields to the bottom of the new page for reference when moving to the new screen. To enter data into the old fields you will need to use the old Emergency Medical page.

Please check your demographics to ensure the information we have on file is correct.
